

## Overnight Table Assignments

Guests should be assigned to a dorm/cabin for their overnight stay. Guests sharing a room will also share a table in the dining room labeled with their room name/number. Guests should sit at the same table & same seat for each meal.

When moving around the building & entering the buffet line to receive food, masks should be worn. Masks may be removed once seated and eating. Please remain seated as much as possible; enter buffet line & clean up garbage by table, one table at a time.
